North Carolina Dental Society  
1600 Evans Road  
Cary, NC 27513  
Attn: Dr. Kenneth Sadler, Interim Executive Director

Dear Dr. Sadler,

I would ask that my name be placed on the ballot for Delegate At Large for the American Dental Association in May 2024 at the Annual Session. I have enjoyed serving the members of the Society as a Delegate for the past three years and would humbly ask for their vote to continue my role as a Delegate At Large. Many opportunities and challenges remain within our profession and within the ADA that I wish to help guide and come to fruition.

My knowledge and experience as a leader in this state has given me keen insight into the operation of the ADA House, the council and committee structure and the other delegations in the association. I am a past chairman for the Sixteenth District caucus and have formed many wonderful working friendships with delegates from other states. I will bring foundational leadership, institutional knowledge, and a desire to promote the best possible policies for all dentists through my service as a delegate if elected.

I look forward to continuing my service to the NCDS and to the ADA if I am blessed to be elected to another term. I am always available to any member of the Society should they have a specific question regarding my past service or with any particular issues that are important to them to be represented to the Association for better dentistry for our patients and our profession.

Sincerely,

W. Stan Hardesty, DDS
